In truth this obviously means that an MP3 file can be streamed in with this method and it s audio played back only IF it s played right after a call to the method.

You don t get this with HTML5, nor with any other platform.

Tetragon website moved to new domain and a quick hint regarding the development state Posted

The signs that they are giving are quite clear.

caused a great uproar in the Flash community and in part in the wider technology

Flash platform (as stupid as this may seem)? In that case I guess for me

It s strength are clearly defined in other areas.

There has been similar complaints from Andre Michelle about the other new method, loadPCMFromArray which seems to be quite buggy.

solution for this problem glittering at the horizon of Flash development: two new methods for

It s the most farthest away thing from a classic programming paradigm and it s everything I never wanted to touch since I learned programming.
