Clicking the contact the administrators link will result in the following adequately useless page: Find any admin link there? Right, me neither.

Flash and in particular AIR provided everything I ever wanted for game development, sans hardware 3D but we got that recently, too.

But it s easy to see where Adobe is heading with this.

But enter iOS where it s strictly forbidden to execute any non-native scripts and the whole idea falls apart as not even the creation of an in-memory SWF structure is allowed there, you will simply get an exception thrown and end up with no sound in your application.

use Sound.load() but in the case of Tetragon MP3 files need to be loaded as

Time will tell how Adobe progresses with the AIR platform but I hope they don t spoil that one too.
