If you would try to play the sound later it s not going to work.

HTML5 is taking over the RIA world and I have no problem with it.

A quick info on the development state of the engine in case you re wondering why it s so quiet over on the engine s Github repository Do not worry! The engine is under constant development, however the dev build is for the time being under private hosting.

For the last ten years I have been a Flash developer, Flash made me learn

The only way to load MP3 files directly with AS3 so far has been to

Adobe s de facto monopoly claim on the Flash platform has always been a risk lurking at the horizon and now it has come close enough to bite us in the rear end.

The problem however remains: None of these technologies provide an attractive and compact multi-platform solution like the Flash platform does.

The Desktop Flash Player is still with us and hopefully for quite a while longer.

Trying to contact the admins doesn t work either.

loading in Tetragon to something that is natively supported and works on all supported platforms.
