There has been similar complaints from Andre Michelle about the other new method, `loadPCMFromArray` which seems to be quite buggy.

Its strength are clearly defined in other areas.

And the second reason is that Eclipse's Egit plugin is shaky at best when it comes to merging repository branches. coding of ActionScript 1 and love ActionScript 2 and then it made me learn to raw byte data since this is the only way how it works to read MP3

The signs that they are giving are quite clear.

Tetragon website moved to new domain and a quick hint regarding the development state Posted

They are following suit with the popularity of the HTML5 dictate and want to jump on the band-wagon as quick as possible.

Seems Adobe doesn't want to be bugged about bugs, haha.

In truth this obviously means that an MP3 file can be streamed in with this method and its audio played back only IF its played right after a call to the method.
