from now and what my thoughts are about the whole mess that Adobe has caused on some other game design- and game development-related things or concentrate wholly onto another technology. Quite honestly I m not sure what to make of this one.

This is how it s done here.

sure many audio-related Flash devs have been looking forward to since a long time and

HTML isn t even a programming language, it s a markup that reminds me back in horror on the early days of the internet where there was an era during that I used this stuff.
