It s strength are clearly defined in other areas.

There has been similar complaints from Andre Michelle about the other new method, loadPCMFromArray which seems to be quite buggy.

In truth this obviously means that an MP3 file can be streamed in with this method and it s audio played back only IF it s played right after a call to the method.

You don t get this with HTML5, nor with any other platform.

And the second reason is that Eclipse s Egit plugin is shaky at best when it comes to merging repository branches.
