been moved to it's official URL www.tetragonengine.com so I recommend to update your bookmarks.

I however have to be completely honest with you, I never will be attracted by HTML5 as a programming solution. and also MP3 files.

so I too was looking forward to finally be able to change the audio file

I don't really care whether the code files are easily accessible and can be stolen, that can be done with Flash too.

How will all this affect Tetragon? For now this doesn't affect the development of Tetragon at all.
