HTML5 is taking over the RIA world and I have no problem with it.

If you would try to play the sound later it s not going to work.

Adobe s de facto monopoly claim on the Flash platform has always been a risk lurking at the horizon and now it has come close enough to bite us in the rear end.

The problem however remains: None of these technologies provide an attractive and compact multi-platform solution like the Flash platform does.

A quick info on the development state of the engine in case you re wondering why it s so quiet over on the engine s GitHub repository Do not worry! The engine is under constant development, however the dev build is for the time being under private hosting.

For the last ten years I have been a Flash developer, Flash made me learn

The only way to load MP3 files directly with AS3 so far has been to

loading in Tetragon to something that is natively supported and works on all supported platforms.

I just don t like the awkwardness and fragmentation of HTML5 s and Javascript s nature.

The Desktop Flash Player is still with us and hopefully for quite a while longer.
