Quite honestly I m not sure what to make of this one.

from now and what my thoughts are about the whole mess that Adobe has caused

This is how it s done here.

on some other game design- and game development-related things or concentrate wholly onto another technology is linking or following this website or it s RSS feed this site has now

sure many audio-related Flash devs have been looking forward to since a long time and

Of course they didn t! All of a sudden some Flash devs seem to be strangely attracted by HTML5 and Javascript while others have a more exotic view toward the nature of the internet.

HTML isn t even a programming language, it s a markup that reminds me back in horror on the early days of the internet where there was an era during that I used this stuff.

These resource packages contain all the asset files, which can be images, XML files, SWF files, etc.

The open-sourcing of the Flex framework in my opinion is far more concerning than the end of the Mobile Flash Player.
