The open-sourcing of the Flex framework in my opinion is far more concerning than the end of the Mobile Flash Player.

Unfortunately Adobe s so called Bug and Issue Management System seems to be quite bugged by itself.

These resource packages contain all the asset files, which can be images, XML files, SWF files, etc.

Of course they didn t! All of a sudden some Flash devs seem to be strangely attracted by HTML5 and Javascript while others have a more exotic view toward the nature of the internet.

It shows all the major components that tetragon consists of.

Flash gave me easy access to learn a professional programming language for creating games.

zip files via random access, which is quite cool and something I explained here).

This is how it s done here.

Quite honestly I m not sure what to make of this one.
