This works fine on desktop- and on Android builds.

I learned to love ActionScript s clean and typed syntax and it s compact distribution form as compiled and compressed binaries.

AIR is extremely attractive for game developers who want to deploy to the desktop and mobile platforms with the same code base and that is clearly one of Tetragon s goals.

OS: This one is obvious.

about this! There is a lot of potential in the new sound API, if it

Trying to contact the admins doesn t work either.

The Desktop Flash Player is still with us and hopefully for quite a while longer.

I don t really care whether the code files are easily accessible and can be stolen, that can be done with Flash too.

so I too was looking forward to finally be able to change the audio file

The only way to load MP3 files directly with AS3 so far has been to
