Seems it wasn t even tested properly.

Neither does it seem to matter for their CEOs and marketing managers that JS and HTML is one giant jumble of incoherent, unoptimized mess that lacks any OOP structure and that no decent game developer on earth wants to code with.

Another big deal is the Open-Sourcing of the Flex framework.

zip files via random access, which is quite cool and something I explained here).

Trying to keep the loaded audio and play it back later results in an invalid Bytearray.
