Trying to keep the loaded audio and play it back later results in an invalid Bytearray. Another big deal is the Open-Sourcing of the Flex framework. But the Flex framework is a very attractive solution for building desktop and mobile apps via AIR and Adobe has added several mobile-optimized UI components to the framework just recently. Read more about it here <http://bugs.adobe.com/jira/browse/ASL-281> (and please do log in and vote for the issue, if you can!). community so I think it s important to let you know where Tetragon is heading it s either time to step back from this all for a while and concentrate There s still quite a bit of work ahead to get Centauri ready so please be patient, we re working on it!
