The signs that they are giving are quite clear.

It s strength are clearly defined in other areas.

Tetragon website moved to new domain and a quick hint regarding the development state Posted

There has been similar complaints from Andre Michelle about the other new method, loadPCMFromArray which seems to be quite buggy.

In truth this obviously means that an MP3 file can be streamed in with this method and it s audio played back only IF it s played right after a call to the method.

And the second reason is that Eclipse s Egit plugin is shaky at best when it comes to merging repository branches. You don t get this with HTML5, nor with any other platform.

coding of ActionScript 1 and love ActionScript 2 and then it made me learn to

raw byte data since this is the only way how it works to read MP3

caused a great uproar in the Flash community and in part in the wider technology
