Its strength are clearly defined in other areas.

There has been similar complaints from Andre Michelle about the other new method, `loadPCMFromArray` which seems to be quite buggy.

The signs that they are giving are quite clear.

Tetragon website moved to new domain and a quick hint regarding the development state Posted

And the second reason is that Eclipse's Egit plugin is shaky at best when it comes to merging repository branches. coding of ActionScript 1 and love ActionScript 2 and then it made me learn to

raw byte data since this is the only way how it works to read MP3

In truth this obviously means that an MP3 file can be streamed in with this method and its audio played back only if its played right after a call to the method.

You don't get this with HTML5, nor with any other platform.

They are following suit with the popularity of the HTML5 dictate and want to jump on the band-wagon as quick as possible.
