It s the most farthest away thing from a classic programming paradigm and it s everything I never wanted to touch since I learned programming.

solution for this problem glittering at the horizon of Flash development: two new methods for

This is all a very sad state of affairs! whoever implemented (unplemented suits better here) the new sound API was either not given any time to finish it, or had absolutely no sense or concept on how to do this right.

Collateral damage doesn t seem to matter for them.
