from now and what my thoughts are about the whole mess that Adobe has caused on some other game design- and game development-related things or concentrate wholly onto another technology Quite honestly I m not sure what to make of this one.

This is how it s done here.

sure many audio-related Flash devs have been looking forward to since a long time and HTML isn t even a programming language, it s a markup that reminds me back in horror on the early days of the internet where there was an era during that I used this stuff.

is linking or following this website or it s RSS feed this site has now

Of course they didn t! All of a sudden some Flash devs seem to be strangely attracted by HTML5 and Javascript while others have a more exotic view toward the nature of the internet.

These resource packages contain all the asset files, which can be images, XML files, SWF files, etc.

If you can please go to Adobe s Bug report site and make some noise
