This is all a very sad state of affairs! whoever implemented (unplemented suits better here) the new sound API was either not given any time to finish it, or had absolutely no sense or concept on how to do this right. It s the most farthest away thing from a classic programming paradigm and it s everything I never wanted to touch since I learned programming.

Collateral damage doesn t seem to matter for them.

solution for this problem glittering at the horizon of Flash development: two new methods for files that are stored in a packed zip file (remember Tetragon streams in data from Flash platform (as stupid as this may seem)? In that case I guess for me love ActionScript 3 a loathe ActionScript 2.

caused a great uproar in the Flash community and in part in the wider technology

There s still quite a bit of work ahead to get Centauri ready so please be patient, we re working on it! Layered Architecture Diagram Posted by hexagonstar on October 15, 2011 No comments This diagram provides an overview of the architecture layers that tetragon s runtime engine follows.
