Tetragon website moved to new domain and a quick hint regarding the development state Posted
In truth this obviously means that an MP3 file can be streamed in with this method and it s audio played back only
IF it s played right after a call to the method.
The signs that they are giving are quite clear.
You don t get this with HTML5, nor with any other platform.
It s strength are clearly defined in other areas.
caused a great uproar in the Flash community and in part in the wider technology
There has been similar complaints from Andre Michelle about the other new method, loadPCMFromArray
which seems to be quite buggy.
Flash platform (as stupid as this may seem)? In that case I guess for me
And the second reason is that Eclipse s Egit plugin is shaky at best when it comes to merging repository branches.
solution for this problem glittering at the horizon of Flash development: two new methods for
