OS: This one is obvious.

I learned to love ActionScript s clean and typed syntax and it s compact distribution form as compiled and compressed binaries.

This works fine on desktop- and on Android builds.

Trying to contact the admins doesn t work either.

The Desktop Flash Player is still with us and hopefully for quite a while longer.

AIR is extremely attractive for game developers who want to deploy to the desktop and mobile platforms with the same code base and that is clearly one of Tetragon s goals.

about this! There is a lot of potential in the new sound API, if it

The only way to load MP3 files directly with AS3 so far has been to

For the last ten years I have been a Flash developer, Flash made me learn

A quick info on the development state of the engine in case you re wondering why it s so quiet over on the engine s Github repository Do not worry! The engine is under constant development, however the dev build is for the time being under private hosting.
