Check the onComplete handler in the script and you see how loadCompressedDataFromByteArray() is called and right after it sound playback is started.

I however have to be completely honest with you, I never will be attracted by HTML5 as a programming solution. Flex for the web is clearly unsuitable by now. and also MP3 files.

How will all this affect Tetragon? For now this doesn t affect the development of Tetragon at all.

The problem isn t really that the mobile Flash Player was terminated, it s the loss of trust in Adobe that comes with it.

I ve been trying to register there, by now with three different Email addresses but never got any confirmation Email back from them, so I can t log in.
